Hi All: Hope you're excited for the AI Summer School that starts next week - we are looking forward to hosting you.

We have firmed up our agenda across all tracks and we are excited to offer you an opportunity in the <u>Natural Language Understanding Track</u>

You will engage and immerse in lectures and discussions in broader ML Topics as well as track specific lectures through the three days. The schedule for all three tracks is different and we request you to engage with your allocated schedule schedule.

Please take some time to familiarize yourself with the attached attendee guide, it has detailed instructions on your schedule, meeting links and expectations from you. Not all links will be active right now and will be activated closer to the event. DO NOT share this document or the associated links with anyone else.

A significant value of such a program is also the opportunity to network with your fellow attendees, presenters and Googlers -- join us for social gatherings and panels.

Please fill out this form by Monday EOD (August 17th) with your bios for our bio book that we will share with all attendees so you can know each other: <u>https://forms.gle/Vf3KbYK94z5XWmiV6</u>

If you have not received your goodie bag yet -- you will soon, they were shipped in multiple batches.

Please do not hesitate to reach out with any questions!

Wishing you all the best for the summer school, we hope you make the most of this opportunity!

Best,
Divy Thakkar,
Organizing Chair, AI Summer School - Google Research India
